NEW MANDURAH, BUNBURY AND COLLIE TOURING MAP

Travellers setting out to explore WA's South from Mandurah to Collie, can now better plan their trip with the release of the new Mandurah, Bunbury and Collie Touring Map produced by Landgate.

Formerly named the Mandurah-Collie Touring Map, the second edition includes extensive coverage of the Mandurah to Collie route, including Bunbury and surrounding areas.

Landgate's Chief Executive, Grahame Searle said that the map is perfect for anyone who is holidaying or simply driving through.

"The Mandurah, Bunbury and Collie Touring Map is likely to appeal to tourists as it clearly identifies all the main tourist attractions, including camping and fishing spots, and accommodation options," he said.

"It is packed with holiday information and even locals are likely to find something new about their own patch."

Mr Searle said the new publication includes comprehensive maps of Bunbury, Collie, Donnybrook, Dwellingup, Harvey, Mandurah, Pinjarra and Waroona, and the popular camping area, Part Lane Pool Reserve, south of Dwellingup.

"The map runs from the north of Mandurah, down as far as Kirup, and east to Boddington" he said.

The Mandurah, Bunbury and Collie Touring Map is part of the StreetSmart series; Landgate's touring and road maps that cover the state. Other maps in the series include the South-West Corner, the Pilbara and the Mid-West.

All touring and town maps feature land use and official locality names, as well as road and rail information, boundaries such as Local Government and National Parks and town features such as access for people with disabilities, emergency services and churches.

Maps can be purchased from Landgate, 1 Midland Square, Midland or from selected newsagents, bookshops, tourist bureaus and visitors' centres.

The recommended retail price is \$7.95

Ends.
